

NewWave Intelligent Business Systems, NIBS Inc.

User Feedback:

"Since more than a year ago I've been using your system and it is doing very well. In fact, it is the best program I've ever worked with.... I use NeuroForecaster/GENETICA mainly for stock market, interest rate and currency prediction. The system is predicting surprisingly well!" Michael Mross, 6 April 96, Koln, Germany.

Product Summary:

[Download demo.](#)

NeuroForecaster Version 5.1

For time-series analysis, cross-sectional classification and indicator analysis
12 neural network paradigms and many examples

With AutoTest, AutoSave and AutoStop functions

Readers' Choice Award - Stocks & Commodities Magazine 94 & 95

Built-in Excel-compatible spreadsheet, reads Metastock, CSI, Computrac, FutureSource, Excel and ASCII data formats

GENETICA Net Builder Option

Genetic algorithm based neural net builder
Creates network population, optimizes network structures and control parameters
Searches for best input combination and best forecast horizon
Reduces input data dimension

VisuaData Version 2.1

Neural net data preprocessor, generates over 100 technical indicators

Built-in Excel-compatible spreadsheet, reads Metastock, CSI, Computrac, FutureSource, Excel and ASCII data formats
Outputs ASCII files for neural net analysis

Select! Version 1.0

Performs stock market screening, filtering and ranking, selects best performing stocks
No lengthy wave counts, no golden crosses, no mumbo jumbo - just Select! - the unique program to monitor thousands of stocks across different markets effectively
Built-in Excel-compatible spreadsheet, reads Metastock, Computrac, and ASCII data formats

Free ASCII stock data from e.g. <http://ai.mit.edu/stocks.html> or see links below
For more descriptions, see technical reports below

Typical Applications:

Select! to select stocks for buy/sell decision, or further analysis

VisuaData to generate technical indicators for selected stocks

NeuroForecaster/GENETICA to analyze price trends of selected stocks and indicators

Note: Select!, VisuaData and NeuroForecaster/GENETICA can be used independently; GENETICA is designed as an option for NeuroForecaster

Table of Contents:

- [1. A Quick Tour of NeuroForecaster and GENETICA](#)
 - [2. Neural Network Applications](#)
 - [3. Genetic Algorithms & Genetically Evolved NNs](#)
 - [4. Using GA To Reduce Input Data Dimension](#)
 - [5. AutoTest Function](#)
 - [6. AutoSave Function](#)
 - [7. AutoStop Function](#)
 - [8. VisuaData - A Neural Net Preprocessor for Traders](#)
 - [9. References](#)
 - [10. Free financial data & info, links to financial pages](#)
-

Papers Available:

- [1. NeuroGenetic Computing](#)
 - [2. NeuroFuzzy Computing](#)
 - [3. Select! \(Technical Report 1\): Trading With A Stock's Alpha](#)
 - [4. Select! \(Technical Report 2\): Trading for the Risk-Averse](#)
-

Software & FTP Sites

More information, evaluation copy and ordering information about NeuroForecaster(TM)/Genetica may be found in <ftp://ftp.singapore.com/products/bin/nfga51.exe>

Once unpacked, the software should contain several sub-directories for data, forecasters and results.

This is the ONLY evaluation cum demo copy we can provide.
Sorry, we do not provide technical support for the demo copy.

Price

Neuroforecaster(including Genetica) for Windows is priced at **US\$999** per single user license. For order form in ascii please send any email to (nfga@singapore.com). This is an automatic mailback system that will email the order form to you. Please note that all foreign orders must be prepaid.

For Sales Enquiries please email neuroforecaster@singapore.com

For prompt delivery, please complete the order form and indicate one of the payment methods; fax or send the completed order form to Accel Infotech (S) Pte Ltd.

Note: We will always ship the latest version.

Delivery by courier takes about 2-3 working days, and airmail about 5-6 days to America and Europe.

By visiting these pages you expressly agree that neither NIBS nor anyone else involved in creating, producing or delivering the information and products shall be liable for any damages arising out of use of these pagegs.
